

Bible Study opportunities-

Sundays at 10:00 am:

We offer classes at our 10:00 hour for 2 years of age thru to adults. Each of our classes is geared to present and study biblical truths in a way that fits the needs of the specific age group. There is a place for you!

2's-5's: is designed with an active toddler in mind. Our volunteer teachers created a schedule that encourages movement and interacting with the Bible story that is presented. These children open a Bible to “read” the story, use story boards to recreate the details they heard and discussed, have play time to discuss the Bible verse and theme more, as well as time for a simple snack to sit down.

1st – 5th grade: This class goes deeper into the theme and messages presented in each Bible story by our volunteer teachers. More time is spent asking questions and discussing how to apply the biblical truth in the students' lives.

Jr. high – Sr.High: This class is currently walking through the Bible (Genesis – Revelation) looking at the Bible as a unit; a complete story and looking at how it unfolds and how God uses people to accomplish his plan.

College age and up: This adult class is taught by the Minister and goes in depth through book studies as well as topical studies. This group is currently studying the gospel of John.
